ADDITIONAL SCHOOL POLICIES, PROCEDURES AND CONSUMER INFORMATION

CAMPUS SECURITY AND RISK REDUCTION

Although we are fortunate to be in a low crime area, Arnold's has taken all the necessary precautions to insure staff, student and customer safety. Students are assigned a locker that they may purchase a lock for. Multiple security cameras monitor the interior and exterior of the campus. Our monitoring system is limited to the School's property at 1179 S. Second St. Students will review over the Campus Security Report, practice emergency procedures, and how to report a crime during orientation.

Arnold's Beauty School provides access to ongoing prevention and awareness programs and campaigns. Self-defense classes are conducted periodically and are available at request through the Milan Police Department at 686-3309. The local police and fire departments provide training to instructors for fire, active shooter and emergency drills. If a counselor is needed, Arnold's Beauty School can provide referrals for off-campus counseling services.

Although the campus does not employ security officers, local police patrol the area regularly, especially at closing times. The local police are very responsive to the needs of our school and investigate any reported crimes that occur on campus. The downtown parking surrounding the school is heavily trafficked and is well lit. Students should lock their car doors and keep valuables out of sight in their vehicles. An instructor will accompany students to their vehicles upon request. Drugs, alcohol, firearms and other weapons are not allowed on campus. The Drug Prevention Policy must be read and signed during orientation with counseling procedures and resources listed. Pamphlets about drug and alcohol abuse, health issues, and domestic assault are available at the school.

CRIME REPORTING AND RESPONSE

Any crime witnessed by a student that takes place on the school campus or surrounding areas should be reported immediately to a school staff member (Senior Instructor and/ or Director) and to the local police. By dialing 911 on any of the school phones, appropriate emergency personnel will be dispatched promptly. If any incidence is reported, Arnold's Beauty School will investigate the situation and act to address it. All witnessed crime reports are voluntary and confidential and reported on the Annual Crime Report.

There were no incidences of crime (except for minor instances of theft in 2015) for the previous 4 school years. Following is an individualized offense list. If crimes are reported, staff should be notified, and the police will be contacted if the victim chooses to. The crime will be voluntarily and confidentially reported and documented and determined if the incidence occurred on or off campus. If necessary, the institution will enforce any protective measures including “no-contact” orders, restraining orders, or other similar lawful orders issued by a criminal, civil or tribal court.

ANNUAL CAMPUS SECURITY REPORT

Campus Security Reports are conducted annually, and all information from local law enforcement, students, clients, or staff is confidential. Statistics are available to all staff and students in our Student Catalog. Students will review over the catalog during Orientation, including the Campus Security Report, Health and Safety Plans, and Emergency Procedures.

All information about victims and other necessary parties will be confidentially and voluntarily documented and secured in the school office files that only approved personnel have access to. The school will maintain the reporting parties’ confidentiality so that the school will be able to provide accommodation or protective measures. If the reporting party needs assistance, or a request of changes to their academic situation, the school can provide accommodations at the victim’s request. The Complainant will be eligible for appropriate accommodations,

and appropriate protective/remedial measures may be provided. The Complainant will also be informed that they may request that the school take formal action in response to the reported incident at a later date. It will also be explained that, while there is no deadline for requesting to invoke the school's formal processes in response to an incident of dating violence, domestic violence, sexual assault, or stalking, the passage of time may impact the school's ability to gather information related to the incident. A timeline for next steps will be reviewed. The Complainant will be advised that there may be occasions where the school determines that additional formal or informal resolution processes are required, even if the Complainant does not express a desire to engage in additional process. The Complainant will be informed of the process by which the University makes such determinations and will be kept apprised of any decision-making processes as they take place.

- b. The Complainant may request that the School proceed with the formal process. The Complainant will be eligible for appropriate accommodations, and appropriate protective/remedial measures may be provided. Additional information necessary to proceed with the formal process will be obtained. A timeline for next steps will be reviewed and when appropriate, additional meetings scheduled.
- c. The Complainant may express uncertainty as to what protective/remedial measures or procedural options they want or need such cases, whenever possible, the Complainant will be provided some reasonable period to consider their options and communicate whatever needs/preferences they may have. A timeline for next steps will be reviewed and when appropriate, additional meetings scheduled.
- d. The Complainant may request that the School keep their identity confidential, which may include a request that the School decline to proceed with any additional fact-gathering, or formal or informal resolution processes with respect to the reported incident. In such instances, the Complainant will be advised of the "Requests for Confidentiality" procedures set forth below, and the School will follow these procedures in evaluating the Complainant's request and in taking appropriate action. If a decision is reached to institute formal or informal School resolution processes, or to impose remedial or protective measures that will affect the Respondent, the Respondent will be notified of the proposed action by the Director and/or Financial Aid Officer and will receive written notification of the available procedural options and resources available to them through the School and relevant community agencies. If a determination is made to honor or not honor a request from a complainant, the Director/Financial Aid Officer will communicate to the Complainant in a prompt and sensitive manner. The complainant will be informed at that time of any additional steps they can take.

Preliminary Investigations, and Formal and Informal Resolution Procedures for Reports of Alleged Domestic Violence, Dating Violence, Sexual Assault, and Stalking Involving Students

Preliminary Investigation

During a preliminary investigation into a report of potential dating violence, domestic violence, sexual assault, or stalking, or when an informal resolution process is requested by a Complainant, the Director/Financial Aid Office will contact the Respondent to schedule a meeting. In that meeting, the staff member will:

1. review the rights of the Respondent (including available resources, accommodations, and support options, as well as the right to be accompanied by an advisor of their choosing to any meeting or interview conducted in connection with the reported incident);
2. review the alleged details of the reported incident, as appropriate; and
3. solicit the Respondent's perspective on the allegations

Informal Resolution Process

If the Complainant has expressed a desire to proceed with an informal resolution process, the staff member may also discuss with the Respondent:

1. actions requested by the Complainant, as appropriate; and
2. actions recommended by the School.

If, following the discussion, the Respondent voluntarily agrees to participate with the actions necessary to honor the Complainant's and School's requests, steps will be taken to complete those actions in a prompt and timely manner. Examples of requests include, but are not limited to, counseling for the Respondent, commitment to change/end the behavior, restricted activity, schedule modification, and educational intervention. The Complainant will be notified of the Respondent's agreement and appropriate documentation will be maintained. No reportable disciplinary record is created; however, the information will remain on file should future concerns be reported.

If the Respondent is not willing to honor the requests of the Complainant or the University, a follow-up meeting will be held with the Complainant to determine next steps. In addition, even if the Complainant initially expresses a desire to engage in the informal resolution process only, they may choose to invoke the School's formal resolution processes later.

Formal Resolution Process Proposed Timeline and How to File a Complaint

A Complainant may issue a formal complaint with respect to an alleged incident of dating violence, domestic violence, sexual assault, or stalking in person, electronically, or via phone, by contacting the

Arnold's Beauty School's Financial Aid Officer

Phone: 731-686-7351

E-mail: abs1179@bellsouth.net

If a Complainant issues a formal complaint, or if the school decides to conduct a formal investigation, the school will initiate a prompt, thorough, fair, and impartial investigation and resolution process. Reports will be investigated and managed by the Financial Aid Officer and/or Director who have been trained annually on issues related to domestic violence, dating violence, sexual assault, stalking, and victimization, and on how to investigate and hearing process that protects the safety of victims and promotes accountability.

The school will observe the following procedures in conducting the formal resolution process, and will strive to complete any formal resolution process, up to and including a determination of responsibility and assignment of sanctions, within 60 business days of its initiation. If circumstances require that the proposed 60-day timeline be extended in any case, both parties will be notified of the extension and the reason it is being sought.

Formal Investigations

Formal Investigations will be conducted by trained investigators designated by the Financial Aid Officer/Director. When a formal investigation process is initiated, the assigned investigator will attempt to gather whatever relevant information may be reasonably available regarding the alleged incident. This may include interviewing the Complainant, Respondent, and/or any other witnesses who are identified during the investigation, as well as gathering available documentary, electronic, or physical evidence. Parties will be provided with adequate notice of the investigation and a meaningful opportunity to be heard.

After the investigation, the assigned investigator will prepare a draft Investigative Packet, which will contain all material information gathered during the investigation and being put forward for consideration in determining whether to hold the Respondent responsible for the alleged incident. The draft Investigative Packet will not contain any findings of responsibility/non-responsibility.

The assigned investigator will attempt to complete his or her investigation, including the completion of the draft Investigative Packet, within 35 business days of initiation. If circumstances require that the proposed 35-day investigative timeline be extended in any case, both parties will be advised of the extension and the reason it is being sought.

The Complainant and Respondent will be provided with an opportunity to meet with the assigned investigator to review the draft Investigative Packet, submit additional information or comments identify additional witnesses or evidence for the investigator to pursue, and submit any additional questions that they believe should be asked of any other party or witness. The parties will have up to 5 business days to submit any additional questions or follow-up after reviewing the draft Investigative Packet. Once the parties have responded to the draft Investigative Packet or the 5 business days have elapsed, the assigned investigator

will review and address any questions or follow-up submitted by the parties in response to the draft Investigative Packet, as appropriate.

This may include conducting additional investigation. The assigned investigator will then incorporate any revisions or new information into a final Investigative Packet within 5 business days, if possible.

The parties will be provided with an opportunity to review any new information that is added to the Investigative Packet before it is finalized, and a recommendation will be made.

Processes for Determining Responsibility

Whenever a final Investigative Packet is reviewed, if the information reasonably supports a School Rules violation, the school may recommend charges and disciplinary actions to the Respondent. If information in the Investigative Packet does not reasonably support a School Rules violation, then the case will be closed without charges.

Notification of Determination and the Right to Appeal

Both the Respondent and the Complainant will be notified simultaneously, in writing, of the decision once the written outcome has been decided by the school. The Respondent and the Complainant will also be notified, in writing, of the appeal procedure, of any change to the decision that occurs prior to the time that the decision becomes final, and when the decision becomes final. If suspension or termination is determined as the disciplinary action, both the Complainant and the Respondent will have the opportunity to file an appeal. After any appeal process, both the Complainant and the Respondent will be notified simultaneously, in writing, of the outcome.

Burden of Proof

As noted, the standard of evidence for determining whether a violation occurred, specifically when investigating alleged domestic violence, dating violence, sexual assault, and stalking, is “preponderance of evidence.”

Following a final determination of an institutional procedure regarding domestic violence, dating violence, sexual assault or stalking, the school may issue disciplinary measures that include:

- **WARNING:** A warning is an indication to a respondent that his/her conduct violated the School Rules and that further misconduct will result in more severe disciplinary action.
- **SUSPENSION:** Disciplinary suspension from Arnold’s Beauty School is assigned for a specified period. A suspended respondent cannot participate in any class, practical work or receive any clock hours, or receive any scheduled work hours if an employee.
- **TERMINATION:** If a respondent is terminated from Arnold’s Beauty School, they will no longer be enrolled or employed, and cannot be reenrolled or rehired.

EVALUATION The Health and Safety Plan, including Accident and First Aid Policies, is evaluated annually at Advisory Board Meetings and is revised when needed based on the input from staff and students. The *Plans are located in the Policy, Procedures and Plans Notebook* in Office and at the Front Desk Color Bar. A suggestion sheet is included for any student or staff comments for change recommendations

Arnold's Beauty School establishes and maintains on a current basis all records necessary to establish its proper administration of the Title IV, HEA programs and its application for any Title IV, HEA program funds, including source documentation of digital daily attendance logs to validate the entry of hours into the clock in/out system. Attendance is used when determining academic payment periods, the timing of subsequent disbursements of Title IV, HEA funds, and to establish the last date of attendance for a student who withdraws or graduates. In addition, the institution keeps records relating to its administration of the Title IV, HEA programs for three years after the end of the award year for which the aid was awarded and disbursed. For the Federal Direct Student Loan Program (Subsidized, Unsubsidized, and PLUS), the records contain the student or parent borrower's eligibility and participation in these programs for three years after the end of the last award year in which the student last attended the institution.

Beginning in September of the 2014, the institution uses an IPOD app to track the number of clock hours a student successfully completes. All students must clock in and out each day at the front desk using a 4-digit code. Any fraudulent time will be considered null and void, and will be investigated. All attendance source records, including daily attendance, field trip hours, salon days, any time clocked outside of the student's scheduled hours (authorized and signed by and instructor), etc., are maintained in the school's office, and correctly and timely reported to the governing boards.

Each student is to attend classes regularly and pursue the instruction and practical work diligently. Students must maintain a minimum of 70% of clock hours completed out of the scheduled hours for the all payment periods (0-450 hours/15 weeks, 450-900 hours/15 weeks, 900-1200 hours/10 weeks, 1200-1500 hours/10 weeks). All practical and theory work missed due to absence must be made up and is the responsibility of the student. All required practical and theory work must be completed prior to graduation. Failure to meet the minimum hour requirement for 3 consecutive weeks may result in a suspension. Subsequent suspensions may result in additional suspension time and/or termination. Habitual absenteeism may result in termination. All absences of 3 or more days without notification will be cause for suspension. A student may be terminated after 10 consecutive unexcused absences.

The Financial Aid Officer oversees attendance reporting and is the State Board Liaison.

CONDUCT

A student will be dismissed from the school if their conduct is inappropriate, if they do not meet the school's academic standards or attendance policies, and if they do not follow school rules. A copy of school rules and regulations is given to each student and explained during orientation. School rules are also published at the end of this catalog.

COUNSELING

Should a student fail to achieve the minimum passing grade or fail to meet other fundamental standards of the school, he or she will be privately counseled. When a student is counseled concerning academic progress, attendance or any other school related matter, a record of the counseling session will be kept on file.

FILES

Arnold's will allow students access to their individual files upon request from the student. Each file is confidential, and no information is given out without the permission of the student.

STUDENT GRIEVANCE POLICY

Any student having a complaint of any kind may indicate the problem in writing to the Director, Tammy Glenn, 731-686-7351; at the school location, 1179 S Second St, Milan, TN; during regular school hours, as noted on page 3 of the catalog. The complaint will be considered and reviewed by the Director and one or more staff members. They will then meet with the student to resolve the matter in a satisfactory manner. If the student is not pleased with the outcome, the student may contact the Advisory committee members, the Tennessee State Board of Cosmetology or the Council on Occupational Education. Addresses and phone numbers will be provided upon request. (See first page of catalog for Board and Council information.)

If a complaint is not settled at the institutional level, the student may contact the Tennessee Higher Education Commission, Nashville, TN 37243-0830.
Telephone: 615-741-5293.

LEAVE OF ABSENCE

Arnold's Beauty School's Leave of Absence Policy provides a means for students to take an approved leave of absence from the Cosmetology program without being required to go through the re-admission process upon return to the institution.

In order for the Leave of Absence to be approved, a student's request must meet the following requirements:

- 1) A student must submit in writing his/her request for leave. The Leave of Absence document must be completed, giving the date of when the leave is to begin, and the date the student is expected to return from the leave. The leave of absence form must be signed and dated by the student and the approving school official.”
- 2) School must limit leaves to 180 days within a 12-month period
- 3) A series of non-consecutive days may be approved as one leave
- 4) There is a reasonable expectation that the student will return to the school

No additional institutional charges are generated during the leave. Upon student's return, student is allowed to complete coursework started prior to leave

Unless a student does not return, an approved Leave of Absence is not a withdrawal, and the student does retain in-school status. For a Student Loan borrower who does not return from an approved leave, the grace period starts retroactively to the date the leave began.

A student may take a leave of absence for not more than a total of 180 days in any 12-month period, and no less than 10 days, if the student has an approved leave of absence. The 12-month period begins on the first day of the student's first LOA. The school may allow one additional approved leave (not to exceed 30 days) for unforeseen circumstances.

Additional subsequent leaves may be granted for jury duty, military reasons or circumstances covered under the Family Medical Leave Act of 1993. Unforeseen circumstances may include:

- 1) Birth of a child and the need to care for child
- 2) Need to care for student's spouse, child, or parent, if the person has a serious health condition or if a serious health condition makes the student unable to function as a student

Student Status during the Leave of Absence

A student granted a leave of absence retains his/her admitted student and enrolled status. He or she may not be eligible for any Direct Loan disbursements while on leave of absence. A student who is an approved Leave of Absence is considered to be enrolled.

Procedure for Obtaining a Leave of Absence

1. Schedule an appointment with the Financial Aid Administrator to review the leave of absence application's impact and eligibility.
2. Review the policy and complete the Request for Leave of Absence Request Form. Forms are available in the Institution's office. The LOA form must be signed and dated by the student.
3. Submit request to the Financial Aid Officer. The Financial Aid Officer will consult with the Director and Assistant Director and will make a determination based on the student's request. of acknowledgement of the written appeal. If the request is approved, the form must be signed and dated by the Financial Aid Officer.

In the event the student fails to return from an approved leave of absence a Return of Title IV funds calculation shall be performed using the last date of recorded attendance as the date on the R2T4 calculation form and use disbursements received as of that date and proceed to make refunds according to the R2T4 calculation.

INSTITUTIONAL REFUND POLICY:

Tuition refunds will be based on the period of enrollment computed on the basis of course time expressed in clock hours. The effective date of termination for refund purposes will be the last date of attendance. A full refund will be made to any student who cancels the enrollment agreement prior to enrollment.

Should the student terminate or withdraw after entering the course, the school will retain the non-refundable \$100 registration fee along with the amounts due for books and supplies that have been issued at the time of withdrawal.

The school will determine the percentage of tuition earned by dividing the number of hours a student acquired by the total course hours according to the schedule below:

% of Time Completed to Total Time of Course in Clock Hours	% of Refund
.01%-10%	90%
10.01%-25%	50%
25.01%-50%	25%
50.01% or over	0%

All refunds will be consummated within 30 days from the effective date of withdrawal. Student hours will not be released for certification while the student owes a balance on his/her tuition, books and supplies, and/or fees. The ability to

transfer credits from Arnold’s Beauty School to another educational institution may be limited. Credits may not transfer, and/or you may have to repeat courses previously taken at Arnold’s Beauty School if you enroll in another educational institution. It is highly recommended to become familiar with the transfer of credit policy of Arnold’s Beauty School and other educational institutions that one may want to transfer credits to in the future before enrollment.

Federal regulations require continuous attendance and satisfactory progress at school. If continuous attendance and/or satisfactory attendance are not maintained, the student may lose eligibility for Title IV Financial Aid.

A student who withdraws or is administratively terminated from the school may be eligible to receive a refund for all or a portion of the tuition, fees and other school charges that were paid to the school for the payment period, based upon calculations per the above chart. formula. However, if the student received Title (V Financial Aid, all or a portion of the refund will be returned to the Financial Aid programs, as described below: ds calculation must be performed prior to any institutional refund calculations.

Federal Return of Title IV Funds Policy

This institution complies with the Federal regulations for the return of Title IV Funds. This formula dictates the amount of Federal Title IV aid that must be returned to the Federal government by the school and, in some cases by the student. Funds for any Title IV recipient who completely withdraws before the 60% point in time from a term, payment period, or period of enrollment must be returned according to the formula. Federal Return of Title IV refunds calculation must be performed prior to any institutional refund calculations.

Title IV Funds include Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), Federal Stafford Loans (Subsidized and Unsubsidized), and Federal PLUS Loans.

The Student Financial Aid Administrator will be responsible for the calculations of the Return of Title IV Funds.

Payment Periods

The Cosmetology program is a clock-hour based program with payment periods defined as:

<u>Hours</u>	<u>Weeks</u>
1. 0-450	1. 15 weeks
2. 451-900	2. 15 weeks
3. 901-1200	3. 10 weeks
4. 1201-1500	4. 10 weeks

Consequences of Withdrawing

If funds were released to a student because of a credit balance on the student's account, then the student may be required to repay some of the federal grants if the Title IV Funds if the student withdraws. A student's grace period for repayment of Direct Loans may begin at the start of determination of withdrawal. In addition, if Title IV funds must be returned, the student may end up with a balance due to the school.

Return of Title IV Calculation Procedure

If a student has liability of R2T4 funds, the Financial Aid Office will notify the student within 30 days of official or unofficial withdrawal. The school will return Title IV Federal Funds to the allocated Federal Funds account to be drafted by the COD with assistance of Weber.

The institution will be responsible for the Return of Title IV funds. The following steps will be taken in calculation of the return.

1. The institution will enter the cost of education and determine the Last Date of Attendance (LDA).
2. A Return of Title IV Calculation Form will be utilized by the institution to find the amount of funds that will be returned. The Institution's servicer, Weber and Associates, assists our institution with a service portal known as VFAO that contains the Calculation Form.
3. The institution will input all Title IV disbursements listed as paid and disbursed by the institution. The calculation from VFAO will determine the refund amount and order of Return of Title IV Funds.
4. The completed calculation will be sent to Weber and Associates to determine if the information is correct. Weber and Associates will then transmit the report to COD.
5. Once repayment amounts are verified, the Financial Aid Officer will transfer repayments from the Federal Funds account to G-5. The transfer will then be reported to Weber and Associates, who will report to COD.
6. Return of Title IV fund calculation must be processed within 30 days of date of determined withdrawal.

An example of the Return to Title IV Calculation:

If Institutional charges are \$9990 that spans two payment periods of 450 clock hours each, and the student withdrawals before 60% of the second period is complete, Title IV funds must be returned for the 450 hour period that is prorated at \$4995. The calculation of return amount will be completed by determining the

amount disbursed, amount that could have been disbursed, and percentage of hours scheduled to complete versus total hours in period. Those amounts will be multiplied to determine the amount of Title IV Earned. That amount will then be subtracted from the total amount disbursed to the student, which will determine the amount due for Return of Title IV.

Order of Distribution of Funds/Return of Title IV Funds

If it is determined that the R2T4 is required in accordance with Federal Accreditation/Institutional program, the returns must be applied to the appropriate program in the following order:

TITLE IV FINANCIAL AID

1. Federal Unsubsidized Direct Loans
2. Federal Subsidized Direct Loans
3. Federal Direct PLUS Loans
4. Federal Pell Grants for which a return is required
5. FSEOG

OTHER: 1) State, private, or institutional funds 2) Student

Timeframe for Return of Title IV Funds

All unearned funds must be returned to the Department within 45 days from the determination of student's withdrawal.

Official Withdrawal Procedures

- 1) Notify Financial Aid Officer or Director of intention to withdrawal by making an appointment in the Financial Aid Office
- 2) Fill out Withdrawal Form
- 3) If Federal Direct Student Loans are owed, student must complete the Student Loan Exit Information Form

Refunds will be calculated at the beginning of each month after the Tennessee State Board of Cosmetology and Barber Examiners monthly hour report is completed. Refunds will be consummated within 30 days from the effective date of withdrawal.

Withdrawal date is determined as follows:

Student's last day of attendance at academically related activity.

Unless a student does not return, an approved leave of absence is not a withdrawal, and the student does retain in-school status. For a borrow who does not return from an approved leave, the grace period starts retroactively to the date the leave began.

Procedure to Determine Unofficial Withdrawals

An Unofficial Withdrawal consists of when a student leaves the school without official notifying the school of withdrawal. The withdrawal date will be determined based on attendance records that show when the student ceased attending school. The institution will determine the withdrawal date for an unofficial withdrawal within 30 calendar days from (shortest time frame):

1. End of payment period
2. End of academic year
3. End of student's educational program

Determination of Last Day of Attendance (LDA)

If a student is absent for 14 days, the school will contact the student to determine if they intend to stay enrolled or withdraw. If student withdraws, the timeframe for completing Return of Title IV calculation begins. The Last Day of Attendance will be determined by reviewing the attendance records to see the last day of attendance in classrooms and/or institution related activities. The date of withdrawal should be no later than 14 days after the last date of attendance in records

Procedure for Post Withdrawal Disbursement for Title IV Grants

1. The institution will notify the student, or Parent for a Direct Parent PLUS Loan, before making a post-withdrawal disbursement.
2. The institution must make a post withdrawal disbursement within 180 days of the determined date of withdrawal. If a student has died, a post-withdrawal disbursement will not be made to the account or estate of the student.

- 
3. Grant funds must be made available for post-withdrawal disbursements prior to the disbursement of the available loan funds.
 4. The institution will credit the student's account within 180 days from the date of post-withdrawal disbursement determination.
 5. The institution will disburse non-credited post-withdrawal disbursement of grant funds within 45 days from the student's withdrawal date.

Procedure of Post Withdrawal Disbursement of Title IV Loan Funds

1. The school will notify a student, or parent for a Direct Parent PLUS Loan, within 30 days of withdrawal date, prior to making post-withdrawal disbursements of loan funds. Included in the notification to help the parties make an informed decision will be:
 - a. Type and amount of loan funds that may be credited to the student's account
 - b. Ability to accept or decline all portions of the fund
 - c. If accepted, the obligation to repay loans whether disbursed to the student's account or directly to the borrower
 - d. Minimum loan debt advantages
 - e. Option to cancel loan or pay toward other Title IV loans
2. The documentation of the notification and determination must be maintained in the student's file
3. The school will make loan proceeds no later than 180 days from the school's determination of the student's withdrawal

Process of Overpayment of Federal Grant Funds

Students with overpayments as a result of withdrawals may retain Title IV funds for 45 days from the date of notice of overpayment.

After overpayment has been determined by the school, the school has 30 days to notify the student that

1. Overpayment of Title IV funds are owed, and the student needs to contact the institution
2. If student does not act in 45 days from date of notification, eligibility for additional funds will end
3. To extend eligibility, a student may:

- a. repay overpayment in full to the institution
 - b. sign a repayment agreement (2 years maximum)
4. If student fails to act within 45 days, the institution will report to NSLDS and utilize a Default Resolution Group

Examples and worksheets used to determine the amount of refund or return of Title IV aid are available upon request.

SATISFACTORY ACADEMIC PROGRESS POLICY AND PROCEDURE

All students at Arnold’s Beauty School are required to meet Satisfactory Academic Progress through attendance and coursework. Evaluations are made throughout enrollment to ensure progress is being made, or whether the student requires advisement. An academic year at Arnold’s Beauty School is defined as 900 clock hours. **Qualitative requirements are defined as a student's GPA and quantitative requirements are defined as the number of hours completed verses scheduled.**

Payment Periods

Payment periods are divided into 4 increments based on hours (0-450, 451-900, 901-1200, and 1201-1500).

Weeks of instructional time of each payment period consists of:

0-450 hours:	15 weeks
451-900 hours:	15 weeks
901-1200 hours:	10 weeks
1201-1500 hours:	10 weeks

In order to be making satisfactory academic progress toward a diploma, students must maintain specified grade averages and proceed through the program at a pace leading to completion in a specified time frame (one and one-half times the length of the program). Satisfactory progress will be measured as follows:

- 1) at midpoint of first academic year (after completion of 450 hours)
 - 2) at the end of the first academic year (after completion of 900 clock hours)
 - 3) at midpoint of second academic year (after completion of 1200 clock hours).
- The SAP policy provides for consistent application of standards to all students within the Cosmetology program.

Required Grade Averages (Qualitative Requirement):

At the end of each increment, the grade point average will be evaluated, determined, and documented in each student's file. Student's achieving the averages specified in the chart below will be considered to be making satisfactory academic progress:

Cosmetology 1500 clock hours
 50 weeks @ 30 per
 Maximum time frame - 75 weeks

# of weeks of Enrollment	15	30	40	50
Minimum Grade average	70%	70%	70%	70%

Required Completion Rate:

In addition to the grade averages listed above, students must also be progressing toward successful completion of the program within the maximum time frame at the following rate:

# of weeks of Enrollment	15	30	40	50
Minimum Clock Hours	315	630	840	1050

Treatment of Incompletes, Withdrawals, Repeats, and Remedial:

The following grades received from the course taken will not be considered as successful completion: F – failing grades, W - withdrawal, I - incomplete, and X’S unofficial withdrawal.

The following conditions must be met for incomplete work, withdrawal from the program, repeating a subject and remedial work:

- 1) Students with incompletes will be given 2 weeks in the following evaluation period to make up work not completed during the prior evaluation period, in addition to the regular work for the current evaluation period.
- 2) A student wishing to change programs must get permission from the school Director. The Director will determine the amount of credit, if any, that will be given for the previous work completed.
- 3) AA student who receives a failing grade for a subject will not receive credit for that subject, and must repeat the subject in full. The original and repeated course will be included in both SAP measurements (attempted, but not earned). Transfer hours, withdrawals, and incompletes will also factor into SAP and will be treated as attempted/earned. A student may repeat a subject only with approval from the school Director.
- 4) All remedial work must meet the same standards set for other course work and must be satisfactorily completed before graduation.
- 5) A “W” will be given to a student who withdraws before the end of a particular unit. An “I” will be given to a student who misses three or more days in a week. Progress reports will be provided at the end of each evaluation period.

Financial Aid Warning:

If a student is not making SAP according to the school’s policy of required Grade Average and Completion Rates at the end of each payment period, the school’s policy is to place the student on Financial Aid Warning and may disburse Title IV HEA program funds to the student for one payment period. The Financial Aid

Warning will be the first step in the process of Financial Aid Probation if the student does not take necessary steps to improve performance. The student may be eligible for Title IV, HEA programs after being issued a Financial Aid Warning.

Financial Aid Probation:

After a Financial Aid Warning, and a subsequent opportunity to correct academic and attendance performance, a student will be placed on Financial Aid Probation. If a student is not making SAP according to the school’s policy, the school may place the student on Financial Aid Probation and may disburse Title IV, HEA program funds to the student for the subsequent payment period if:

- a) the school evaluates that the student is not making satisfactory academic progress
- b) the student appeals the determination
- c) the school determines that the student should be able to make satisfactory academic progress during the subsequent payment period and meet the school’s satisfactory academic progress standards at the end of that payment period, or the school develops an academic plan for the student that, if followed, will ensure that the student is able to meet the school’s satisfactory academic progress standards by a specific point in time.

A student on Financial Aid Probation for a payment period may not receive Title IV, HEA funds for the subsequent evaluation period unless the student makes SAP or the institution determines that the student met the requirements specified by the institution in an Academic Plan for the student.

Notification:

A student will be provided notification prior to being placed on Financial Aid Probation by the Director of Financial Aid and given an opportunity to discuss and Academic Plan for Program performance improvement.

Academic Plan:

Instructors will meet with the student to determine the deficiencies in coursework including attendance, theory test scores, and practical work. Consistent deficiencies in testing may lead to evaluation to see if oral testing is needed. Goals for improvement on practical work, minimum attendance and theory testing may be set following evaluation based on the individual’s needs.

Appeals Procedures:

If a student is determined to be ineligible for Financial Aid because SAP requirements were not met, the student may appeal this decision to the Director of Financial Aid by indicating in writing the reasons why the minimum academic/attendance requirements were not met, and why aid should not be terminated. The basis of successful appeals can include, but not be limited to: the death of a relative, an injury or illness of the student, or other circumstances. The appeal must also include what changed in the student’s situation that will allow the student to demonstrate SAP at the next evaluation.

The Director of Financial Aid will review the appeal and determine whether the suspension from aid is justified. The student will be advised, in writing, of the

decision.

To reestablish satisfactory progress once a student has been terminated from aid, the SAP requirements must be improved to meet the designated standards.

Reinstatement:

Students whose disqualification has been successfully appealed will be reinstated into financial aid eligibility status

STUDENT APPEAL PROCESS FOR TERMINATION

When a student has been terminated from school, they will have the opportunity to appeal the decision of the administration. A student may contact the school within a 30-day period following the termination and set up an interview with the administration. At that time, they must provide documentation as to the reason they were not attending classes and/or had not notified the school of their circumstances. The school’s Advisory Committee may be contacted to aid in the final decision. Upon approval, the student will be re-enrolled on a probationary status. At the end of this period, the school will evaluate the student’s attendance and progress.

In relation to termination from school due to failing grades, the student will also be re-enrolled on a probationary status. During this probation period, the student will receive special tutoring from the instructors and given the opportunity to bring up failing grades. At the end of this period, the student’s grades will be evaluated by the school as to the student’s probability of passing the course. Probation periods will vary as to the individual’s need, usually not exceeding 30 days.

TRANSCRIPT REQUEST PROCEDURES

Students and graduates of Arnold’s Beauty School will be provided with copies of transcripts upon request. Transcripts will also be furnished to other postsecondary institutions or state boards at their request on behalf of the student. There is no fee. Transcripts may be withheld if the student owes a balance to the school per the Refund Policy.

Official Withdrawal Procedures

- 4) Notify Financial Aid Officer or Director of intention to withdrawal by making an appointment in the Financial Aid Office
- 5) Fill out Withdrawal Form
- 6) If Federal Direct Student Loans are owed, student must complete the Student Loan Exit Information Form

Refunds will be calculated at the beginning of each month after the Tennessee State Board of Cosmetology and Barber Examiners monthly hour report is completed. Refunds will be consummated within 30 days from the effective date of withdrawal. Withdrawal date is determined as follows:

5. Last date of attendance from school’s attendance records

- 
6. Date student began the withdrawal process, or
 7. Date student provided official notification of intent to withdraw, or
 8. For a student that does not return at the expiration of an approved leave of absence the date will be the last date of attendance.

Unless a student does not return, an approved leave of absence is not a withdrawal, and the student does retain in-school status. For a borrow who does not return from an approved leave, the grace period starts retroactively to the date the leave began.
